

206-AR ASSIGNMENT WITHIN DISTRICT

- I. Twin and Multiple Siblings 24 P.S. §1310.1.
 - A. Twins or higher order multiple siblings are to be enrolled in the same manner as all other students. The School Code provides for parental discretion in the classroom placement of twins or higher order multiples. A parent or guardian of twins or higher order multiples who attend the same grade level at the same school may request that the children be placed in the same classroom or separate classrooms. The parent or guardian must make the request no later than ten days after the beginning of the school year or ten days after the first day of the student's attendance, if the students are enrolled after the school year commences.
 - B. The school district may recommend classroom placement to the parents and provide professional education advice to the parents to assist them in making the best decisions for their children's education. The school district shall provide the classroom placement requested, unless, after consultation with the school district superintendent or designee, the principal determines that alternative placement is necessary. The law affords the parents the opportunity to appeal that denial. A school district is not required to place twins or higher order multiples in separate classrooms if the request would require the school district to add to an additional class to the grade level of the siblings.
