

## 230A PUBLIC PEFORMANCES BY STUDENTS

### I. Guidelines

- A. All requests for public performances by students require the approval of the Superintendent.
- B. The building principal shall be notified of any request for public performances by students. The principals shall determine the appropriateness of the public performance taking into consideration the length of time the student shall miss academic instruction, the nature of the performance, the quality of the facility in which the students' perform and the benefits for both the requesting organization, the students and the District. The principal shall submit requests for approval to the Superintendent. The Superintendent's decision shall be final.
- C. The frequency of public performances by students shall have limited disruption to academic program and classes.
