## *Notice to Parents*

The *No Child Left Behind* legislation is the federal law enacted in January of 2002 to ensure that all children receive a quality education. Included in the law are the following parents' rights:

- To review curriculum and instructional materials utilized by their children.
- To review surveys and/or request that their children not participate in surveys conducted by outside organizations.
- To request that their child's name not be released to military recruiters without prior parent consent.
- To request information about the professional qualifications of their child's teacher.

If parents wish to exercise these rights, they should send their request in writing to the building principal.
