Zonar MyView[™] Parent User Guide

Last edited on · October 25, 2024

All changes to settings in MyView take effect <u>the following day</u>.

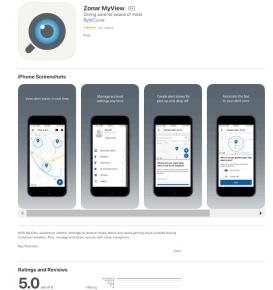

How to Download the Zonar MyView App

The Zonar MyView app can be downloaded at the Google Play Store (https://play.google.com/store/search? q=myview&c=apps&hl=en_US) on Android devices and the App Store (https://apps.apple.com/us/app/zonarmyview/id1520739681) for iOS:

- 1. Navigate to:
- The Google Play Store at: https://play.google.com/store (https://play.google.com/store/apps/details? id=com.bytecurve360.parentapp.zonar&hl=en_US) from your Android device; or
- The App Store at: https://apps.apple.com/us/app (https://apps.apple.com/us/app/zonarmyview/id1520739681) from your iOS device.
- 2. Tap Install or GET.
- 3. Tap on the app icon to open Zonar MyView.

Compatibility:

| Android | Lollipop OS or greater |
|---------|------------------------|
| iOS | iOS 12.0 or greater |

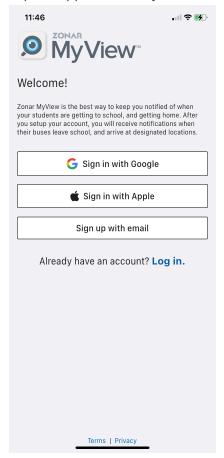

MyView Bus Tracking

- How to set up an account
- How to assign buses for multiple student profiles
- How to set up an account for a caregiver
- How to add a student
- How to remove a student
- How to create an Alert Zone notification
- School Notifications
- Setup Status
- Confirm or Change Student Bell Time

How to set up an account

1. Tap the application on your device to open it.

- 2. Tap one of the sign up/sign in methods:
- Sign in using a Google account
- Sign in using an Apple account
- Create a new account using an email address:
- a. Enter your full name and email address.
- b. Enter a password used to access the MyView app.
- c. Select the method you want to be notified about bus updates (either push notifications through the app or via email).

d. Tap Register.

| #+= | , ? ! <mark>-</mark> | |
| ABC | space | next |
| ÷ | | Ų |
| | | |

10. Confirm your student's information. If the information is incorrect, tap **Try Again**.

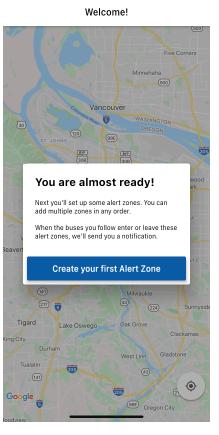

11. Tap Add another student to follow another student, or tap Done to continue.

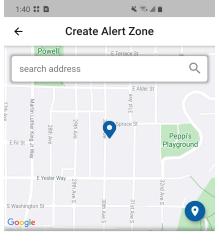

12. After you've entered your student information, create at least one Alert Zone to begin receiving notifications of the selected buses. Tap **Create your first Alert Zone** to continue.

.... 🌫 🐼

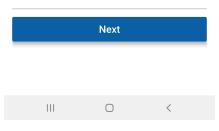

13. Enter an address in the search field or drag the map around. Tap the map to drop a pin at the center of the Zone.

Where do you want your alert zone to be located?

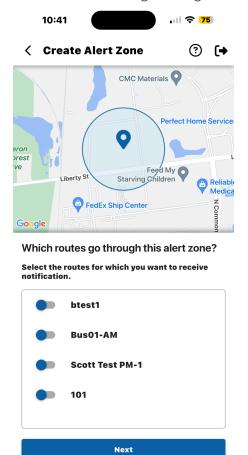

Enter an address in the search field or drag the map around. Tap to mark the center of the zone.

Zone name

14. Name the Alert Zone. Tap Next.

15. Select all buses that go through the Alert Zone from the list of routes.

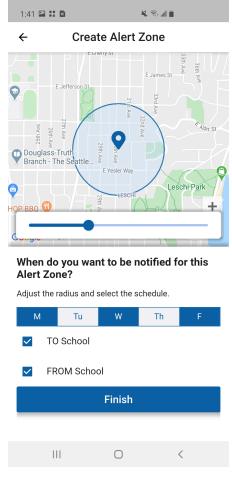

16. Tap Next.

17. Use the slider to adjust the radius of the Alert Zone.

Zonar MyView[™] Parent User Guide – Zonar Systems Support

18. Select the days of the week and time (either TO or FROM school) that you want to be notified.

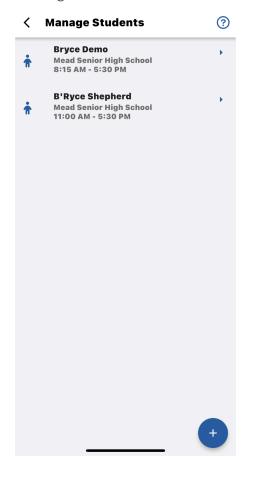

19. Tap **Finish** to set the Alert Zone.

Buses are trackable for 2.5 hours based on their scheduled Bell Times. If an Alert Zone is not created for a bus, users will only be able to track the bus for the first 30 minutes and last 30 minutes of that time period.

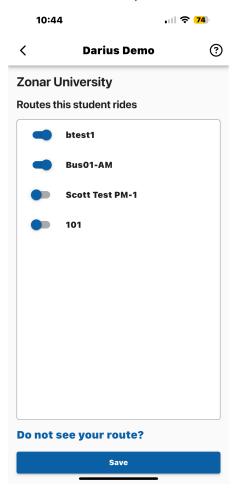

How to assign routes for multiple student profiles

For parents with multiple students who may ride different buses, notifications can be paired to specific Route numbers for each student.

1. To assign a Route number to a student's profile, open Manage Students.

2. Select the student's profile.

- 3. Toggle on the Route numbers the student rides.
- 4. Select Save.

How to set up an account for a caregiver

The process for creating an account for a caregiver (another family member, a babysitter, or other authorized guardian) is identical to setting one up for yourself. That authorized individual must download the app and follow account setup instructions above.

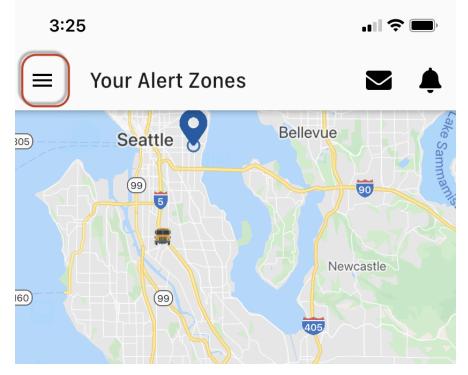

You need to provide that authorized individual with the school access code, student ID, and bus or route number.

The security of your student information is important. Your school district supplied you -- as parent or guardian -- with a unique student ID for each individual student. Contact your school administration if you do not have that student ID number.

How to add a student

The security of your student information is important. Your school district supplied you -- as parent or guardian -- with a unique student ID for each individual student. Contact your school administration if you do not have that student ID number.

1. Tap the Main Menu.

- 2. Tap Students or Add Students.
- 3. If you already have a student listed and want to add another student, tap $\stackrel{+}{\frown}$ in the lower right-hand corner.

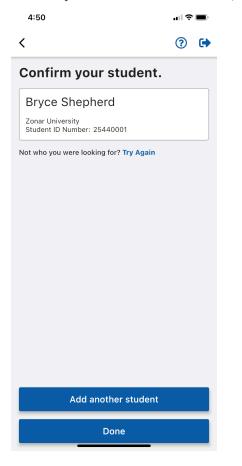

4. Enter your student's ID number, first name, and last initial.

5. Tap Next

How to create an Alert Zone notification

1. Tap the main menu.

2. Tap Create Alert Zones or Alert Zones.

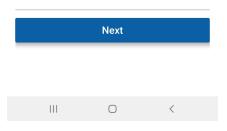

- 3. If you already have an Alert Zone listed and want to add another Alert Zone, tap ⁺ in the lower right-hand corner.
- 4. Enter an address in the search field or drag the map around. Tap the map to drop a pin at the center of the Zone.

Where do you want your alert zone to be located?

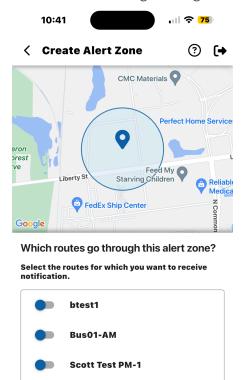

Enter an address in the search field or drag the map around. Tap to mark the center of the zone.

Zone name

5. Name the Alert Zone. Tap Next.

6. Select all buses that go through the Alert Zone from the list of buses.

Next

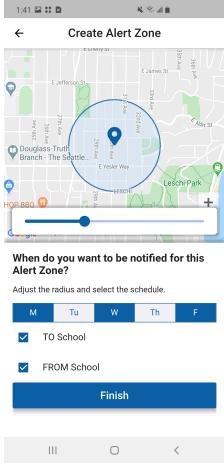

7. Tap Next.

101

8. Use the slider to adjust the radius of the Alert Zone.

Zonar MyView[™] Parent User Guide – Zonar Systems Support

9. Select the days of the week and time (either TO or FROM school) that you want to be notified.

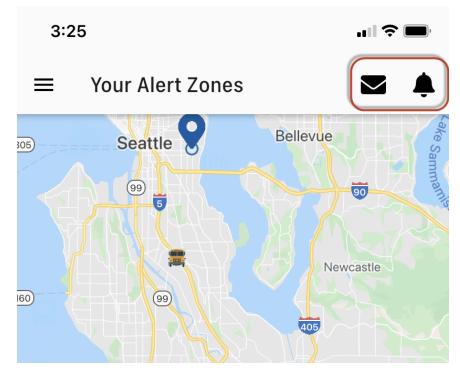

10. Tap **Finish** to set the Alert Zone.

School Notifications

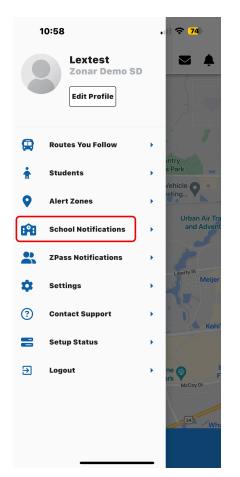

During the daily scheduled alert period, bus activity is viewable on the Alert Zone map. Alert Zones are indicated with a pin and the zone radius. Vehicles are indicated by a bus graphic.

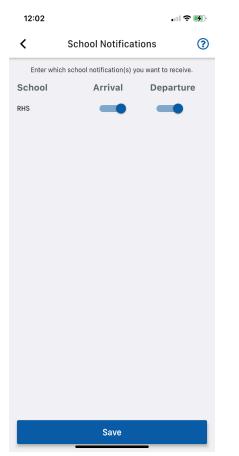

Alerts and notifications from the school are pushed to your device and are indicated by a red number on the message or alert icons. You can access those alerts and messages by tapping on them.

If the GPS unit inside the bus in unable to send data to the cell network, the application cannot provide live bus location data. Zonar MyView™ Parent User Guide – Zonar Systems Support

Tap **School Notifications** to confirm or change the Times at which the alerts are active — either going to school (Arrival) or returning from school (Departure). Slide the toggle buttons to activate those notifications for the school.

Setup Status

Completion of all sections is required to provide tracking information to you. If any of the sections have not been completed, a Setup Status screen appears at login. Those sections with checkmarks have been completed. Tap the buttons without checkmarks to enter setup information.

Confirm or Change Student Bell Time

If your school has staggered start and end times during the day (for example, for a special education program), make sure the correct bell time is associated with your student.

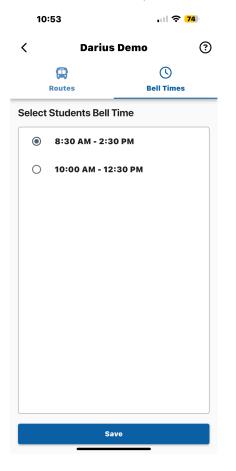

1. Tap the Main Menu.

- 2. Tap Students.
- 3. On the Manage Student's page, tap on your student's name.
- 4. On the Routes tab, confirm which routes the student rides.

5. On the Bell Times tab, select the correct bell time for your student.

6. Tap **Save**.

How to setup a Ridership account

A MyView Ridership allows you to know when your student has scanned the card reader on the bus. This feature is available only if your school district uses the Z Pass reader on buses and students have been issued a scan card.

1. Tap the application on your device to open it.

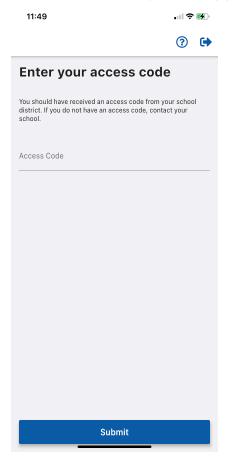

- 2. Tap one of the sign up/sign in methods:
- Sign in using a Google account
- Sign in using an Apple account
- Create a new account using an email address:
- a. Enter your full name and email address.
- b. Enter a password used to access the MyView app.
- c. Select the method you want to be notified about bus updates (either push notifications through the app or via email).

d. Tap Register.

iOS Users

If your student's name includes an apostrophe, it is necessary to select the "straight" apostrophe on the iOS keyboard. Tap and hold the apostrophe key to select the correct one.

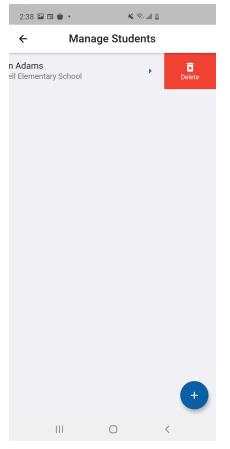

How to remove a student

1. Tap the Main Menu.

- 2. Tap Students.
- 3. Swipe left on the student name you want to remove.
- 4. Tap Delete.

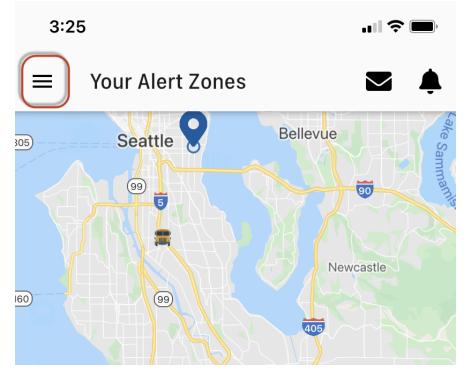

Z Pass Notifications

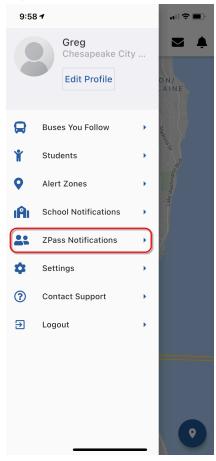

Zonar MyView[™] Parent User Guide – Zonar Systems Support

The Z Pass feature allows you to know when your student has scanned the card reader on the bus. This feature is available only if your school district uses the Z Pass reader on buses and students have been issued a scan card.

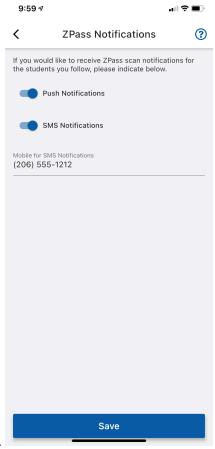

1. Tap the main menu.

2. Tap ZPass Notifications.

3. Select whether you would like to be notified via push notifications on your phone. The SMS notification option is

unavailable and will be removed at a later date.

Setup Status

Completion of all sections is required to provide tracking information to you. If any of the sections have not been completed, a Setup Status screen appears at login. Those sections with checkmarks have been completed. Tap the buttons without checkmarks to enter setup information.

| School notifications updated. |
| |

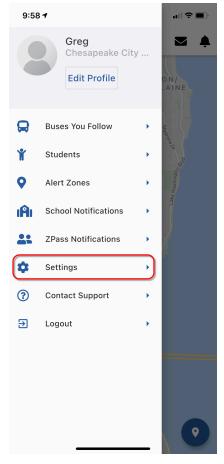

Settings Alert Settings

Under Settings, you can turn off push notifications and edit how often your device auto-refreshes the bus location on your map.

1. Tap the main menu.

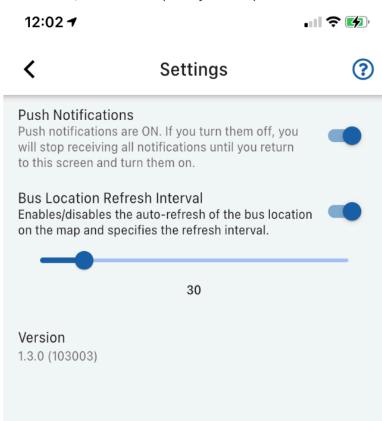

2. Tap Settings.

- 3. Toggle **Push Notifications** to turn all notifications —including school messages off or on.
- 4. Toggle **Bus Location Refresh Interval** to enable or disable the auto-refresh function on the map. When the auto-refresh function is enabled, you can adjust how often the map refreshes (in seconds) by moving the slider. The lower

the number, the more frequently the map refreshes.

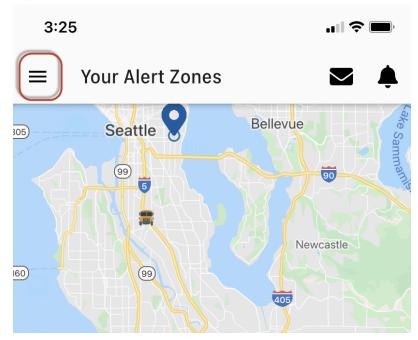

If the GPS unit inside the bus in unable to send data to the cell network, the application cannot provide live bus location data.

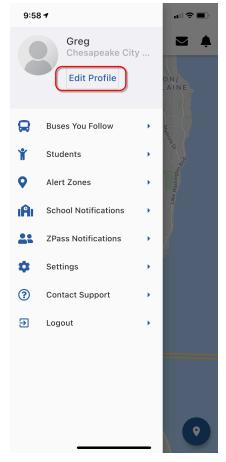

Profile Settings

In Profile Settings, you can change your name and password, or deactivate your account.

1. Tap the main menu.

2. Tap Edit Profile.

3. Change your name and tap **Save**.

Tap **Change Password** to change your password.

Tap Deactivate Account, then confirm to deactivate your account. If you need to reactivate a deactivated account,

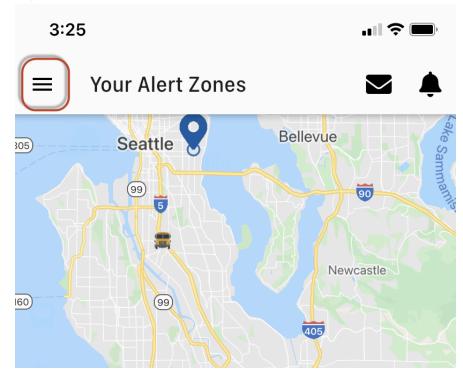

contact your child's school for assistance.
