

Adopt A Senior MHS 2021 is a Facebook group that was started to support our students facing a pandemic during their senior year. If you have a Facebook account, please join the group for access to a form to be completed by a parent to provide information about your senior that you wish to be adopted through this opportunity. A separate form will be published at a later date for those interested in adopting a senior and providing them with a surprise to support them through this year. If you do not have Facebook, a link for the form can be emailed to you by contacting 2021muhls@gmail.com.
