## ALTERNATIVE EDUCATION

The Administration at Muhlenberg Junior High School, with permission from the Superintendent of Schools, may place a student in an approved alternative education program. Students eligible for the alternative education program will have exhausted the traditional discipline procedures; they will have exhibited various characteristics while in the regular school program such as:

- Flagrant or repeated violations of school rules
- Disruptive behavior related to truancy
- Violations of the district's drug and alcohol policy
- Extreme academic underachievement
- Possession of a weapon on school property
- Making a terroristic threat against persons/property

The length of placement in an alternative education program varies with each individual case; however, the customary minimum placement is for a period of 45 school days. Activity participation while placed in an alternative education program is at the discretion of the principal. Students are not permitted to attend or participate in school related activities during their alternative education placement unless permission is granted by administration.

All students are expected to participate in these assessments as outlined by their course of study.

The following assessments are administered throughout the school year:

## ATTENDANCE

### MSD Policy 204

As defined in the Pennsylvania Public School Code §1326, 1327, compulsory school age is the period of a child's life from the time he or she enters school, which shall be no later than the age of 8 years, until the age of 17. Children of school age are expected to attend school regularly. Because school attendance is directly related to academic success, students are expected to attend school on a regular basis. Student attendance is recorded at the beginning of each class period daily.

**Absence from School (Policy 204)** – Excused absence includes illness of pupil, quarantine, death in the immediate family, impassable roads, and exceptional urgent reasons that affect the child.

If your child is too ill to attend classes, please call the school between 8:30 a.m. and 10:00 a.m. to report the absence. If an absence is expected to last for an extended period of time, parents should notify school administrators.

**Educational Tours/Trips (Policy 204)** - Requests for educational trips to be taken during the school year must be submitted in writing to the building principal at least one week in advance of the scheduled trip. Request letters must include the dates of absence, the destination, and a statement of educational benefit to the student.

The principal may approve student trips with families of up to but no more than 5 days of school. No more than three such trips will be approved in one school year. The 5-day limit shall apply to the accumulated total of approved trips. Parents will be given written specific reasons for disapproved trips.

Educational travel will not be approved during state mandated testing for students in test-taking grades.

**Excused/Lawful Absence (Policy 204)** - Parents/Guardians and students shall submit the written explanation within three (3) school days of the absence. If the parent/guardian fails to provide a written excuse within three (3) school days of the absence, the absence will be permanently counted as unlawful or unexcused. Unexcused absences include but are not limited to parental neglect including oversleeping or missing the bus.

When a student has missed 10 days of school, the matter of which an absence is excused or unexcused is no longer relevant and all absences will count as unlawful unless excused by a doctor's note.

**Student Attendance Improvement Conference (SAIC)** - After a student is considered habitually truant a SAIC will be scheduled to address school attendance concerns. District staff shall notify parents/guardians with the date and time of the SAIC. The purpose of the SAIC is to examine the student's absences and reason for absences in an effort to approve attendance with or without additional services.

**Student Attendance Improvement Plan (SAIP)** - This is a plan completed during the SAIC in an effort to support and approve a student's attendance.

**Lawful Absence** - A student excused from school for mental, physical, or other urgent reasons: illness, family emergency, death of a family member, medical or dental appointments, authorized school activities, educational travel with prior approval, and attendance at legal or court proceedings, activities, educational travel with prior approval, and attendance at legal or court proceedings

**Unlawful Absence** - Absences shall be treated as unlawful until the school receives a written excuse explaining an acceptable absence, to be submitted within three days of the absence. If an unacceptable absence is received, the absence will remain as unlawful.

Terminology	Definition	Action Taken by School	Action Taken by Family
<b>Truant</b>	A student is considered <b>truant</b> after <b>3 unlawful</b> absences.	Parents/guardians will receive an official attendance notice in the mail.	Parents/guardians should collaborate with student and teacher to communicate absences and ensure excuse blanks are turned in within 3 days of the absence.
<b>Habitually Truant</b>	A student is considered <b>habitually truant</b> after <b>6 unlawful</b> absences.	Parents/guardians will receive an official attendance notice in the mail that will include a scheduled SAIC meeting to support and improve regular school attendance.	Parents/guardians should attend the scheduled SAIC meeting to work with the school to support and improve regular school attendance.
<b>Chronically Absent</b>	A student is considered <b>chronically absent</b> once they have accumulated <b>10 or more</b> excused OR unexcused absences.	Parents/guardians will receive another official attendance notice in the mail that will include a scheduled SAIC meeting to support and improve regular school attendance.	Parents/guardians should attend the scheduled SAIC meeting to work with the school to support and improve regular school attendance. <b>All future absences from that point must be followed up with a doctor's note in order for that absence to be considered excused</b>

## Excused Absences From School

If a student is unable to attend school, the student's parent/guardian must call the Attendance Office at (610) 921-8034 x3502, before 9 a.m. on the day of the absence to report their child absent from school.

- Students must follow up all absences with an excuse blank or parent note within three days of the absence.
- Excuse blanks are available in the high school office, from classroom teachers, and on our district website ([www.muhsdk12.org](http://www.muhsdk12.org)). These notes are required by law to verify absences, and they must be signed by a parent/guardian. Students are not permitted to sign their own excuse blanks regardless of age.
- Absences of three or more consecutive days due to illness must be verified with a doctor's excuse.
- Students will be granted up to five excused days for bereavement purposes.
- Once a student accumulates a total of 10 excused absences, the parent/guardian of that student will receive an Excessive Absence letter. All future absences from that point must be followed up with a doctor's note in order for that absence to be considered excused.

## Unexcused Absences from School

- If an excuse blank or note is not submitted within three days following the return to school, the absence becomes unexcused.
- The issuing of a citation with the District Justice may result in fines of up to \$300.00/day for students of 16 years of age and younger; additionally, these students may lose their driver's license for up to six months.
- Students with chronic attendance issues will meet with the high school's attendance committee to discuss the importance of regular school attendance as well as solutions that will improve the students' attendance record. Parents/Guardians of these students will attend such meetings as well. In addition, a Truancy Elimination Plan will be implemented.
- Students with excessive absences may be assigned to an alternative education placement.
- Consequences for the accumulation of unexcused absences are as follows:

## Make-Up Work

- It is the student's responsibility to communicate with their teachers to make arrangements to make up work that is missed due to absences from school for any reason.
- Students will have a maximum of one week to make up work missed due to EXCUSED absences from school. If during an absence from school the student misses tests, quizzes, assignments, etc. that have been announced sufficiently in advance, the student may be required to make up for that missed work as soon as they return to school.
- Work missed during UNEXCUSED absences will be at the discretion of the teacher for credit, points, etc.
- Students who are assigned an out-of-school suspension must communicate with their classroom teachers to obtain work to be completed while on suspension.

## Educational/Family Trips and Travel

Students who plan to miss school for an educational trip must bring in a note from a parent/guardian requesting permission for such an absence. This request must be submitted to the Attendance Office at least 10 days before the intended trip. **Students may be excused from school no more than 5 school days for educational trip purposes.**

**\*SPECIAL NOTE: EDUCATIONAL TRAVEL WILL NOT BE APPROVED FOR ANY STUDENT DURING STATE MANDATED TESTING IN A TEST-TAKING GRADE.**

## Illness During the School Day

If a student becomes ill during school hours, the teacher to whom the student is assigned will sign the student's pass card to go to the nurse's office or, in her absence, to the main office. If it is necessary for the student to go home, the Health Services nurse will contact the student's guardian. Any student who is dismissed due to illness must have a guardian sign out in the office before leaving the building. Students may not dismiss themselves from school for reasons of illness. This process must take place through the Health Services office.

If your child is sick, do not send him or her to school. Call the Health Services office and talk with the nurse if you have any questions about your child's illness. A parent/guardian will be notified if a child is obviously ill or has a temperature of 100 degrees or above. Any child having signs or symptoms of an infectious condition may be excluded from school until he or she presents evidence from a medical provider that the condition is not infectious or that recovery has occurred. Some of the more common infectious conditions, which may require a note from a medical provider before a student may return to school, are conjunctivitis or pink eye, impetigo, ringworm, and scabies.

Any child found to be infested with head lice (pediculosis) will not be excluded from school as per recommendations from the U.S. Center for Disease Control, the American Academy of Pediatrics, the PA Department of Health and the National Association for School Nurses.

## Tardies to School

- Students who are not in school by 7:50 a.m. are considered to be tardy to school and must sign in at the Main Office. Students will then be given a pass to report to their locker and scheduled class.
- An accumulation of excused tardies to school will result in a student needing to provide a doctor's note.
- Students who participate in extracurricular activities will be not allowed to participate in the day's activity if they arrive at school after the end of first period (8:58 AM) without a valid excuse note (i.e. doctor's note, court subpoena).

- Students who accumulate up to 3 Tardies to School without valid excuse are subject to disciplinary action from the Dean of Students or grade level Assistant Principal.
- Students with habitual tardiness to school will be referred to administration for further disciplinary action.

### Late to Class

- Students are expected to be in class on time.
- Consequences for student tardiness to class will be determined by individual classroom teachers, Dean of Students, or grade level AP. These consequences may include but not be limited to the following: receiving a lunch detention, after school detention, earning a zero for work missed during the tardy time, losing participation points during the tardy time, participating in a parent/teacher/student conference, and forms of suspension.
- First and Second offense (1-2) Late to Class's (LTC's) students will receive warnings and parent/guardian contact. 3 or more will be referred to the Dean of Students for further consequences.
- Students with habitual tardiness to class will be referred to administration for further disciplinary action.

### Leaving School Early for Appointments

- Students who must leave school early for any reason must submit a written parental/guardian request to the Attendance Office no later than the morning of the intended early dismissal.
- The child will be excused only for the amount of time necessary, not the entire day. Unless an emergency situation exists, we encourage you to schedule appointments after 2:50 p.m.
- If a student misses their assigned period for an appointment and the school was not notified previously, the student will be considered absent.
- Students must report to the Main Office to wait for a parent/guardian to sign them out before leaving school early.

### BUILDING SECURITY-AUDIO/VIDEO SURVEILLANCE

A safe and secure environment for our students and staff is a primary concern of the school district administration. Please be advised that the doors to the building will be closed and locked after the beginning of the school day and entry to the building will be restricted. All guests to the school, and students arriving late to school should contact the main office via the closed circuit greeting system located at the main entrance to the building. The main office will check the identity of the visitor and before allowing the visitor to enter the building. Guests will be directed to the appropriate office to sign in and be issued a visitor's badge. All persons are advised that the building will be locked prior to athletic or other events and entry will be permitted only during the designated times for such events.

The PA State Board of Education regulations grant local school boards the authority to make reasonable and necessary rules governing the conduct of students in school as found in 22 PA Code Sec. 12.3. In that regard, students, parents, and staff are advised that the high school building is under video surveillance at all times and that information from recordings may be used for monitoring purposes and in the disposition of disciplinary actions.

### BULLYING/CYBERBULLYING

#### MSD Policy 249

The Board is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Therefore, the Board prohibits bullying by district students.

**Bullying** as defined in this policy includes **cyberbullying**.

Bullying, as defined by law, means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting, that is severe, persistent or pervasive and has the effect of doing any of the following:

- Substantial interference with a student's education.
- Creation of a threatening environment.
- Substantial disruption of the orderly operation of the school.

For the purpose of this policy, **bullying** is defined as follows:

*"A person is bullied when he or she is exposed, repeatedly and over time, to negative actions on the part of one or more other persons, and he or she has difficulty defending himself or herself." Olweus Bullying Prevention Program*

- Bullying is aggressive behavior that involves unwanted, negative actions.
- Bullying involves a pattern of behavior repeated over time.
- Bullying involves an imbalance of power or strength.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

The Board prohibits all forms of bullying by district students.

The Board encourages students who have been bullied to promptly report such incidents to the building principal or designee.

The Board directs that complaints of bullying shall be investigated promptly, and corrective action shall be taken when allegations are verified. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations. No reprisals or retaliation shall occur as a result of good faith reports of bullying.

Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying. The Superintendent or designee shall develop administrative regulations to implement this policy.

The Superintendent or designee shall ensure that this policy and administrative regulations are reviewed annually with students at an assembly or by other means.

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board.

District administration shall annually provide the following information with the Safe School Report:

1. Board's Bullying Policy.
2. Report of bullying incidents.
3. Information on the development and implementation of any bullying prevention, intervention or education programs.

This policy shall be:

1. Accessible in every classroom.
2. Posted in a prominent location within each school building.
3. Posted on the district web site.
4. Published and disseminated in handbooks.

The district shall develop and implement bullying prevention and intervention programs. Such programs shall provide district staff and students with appropriate training for effectively responding to, intervening in and reporting incidents of bullying.

## **Complaint Procedure**

### **Step 1 – Reporting**

1. A student or third party who believes s/he has been subject to conduct that constitutes a violation of this policy is encouraged to immediately report the incident to the building principal or a district employee.
2. A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal.
3. If the building principal is the subject of a complaint, the student, third party or employee shall report the incident directly to the Assistant Superintendent.
4. The complainant or reporting employee is encouraged to use the report form available from the building principal, but oral complaints shall be acceptable.

### **Step 2 – Investigation**

1. Upon receiving a complaint of bullying, the building principal shall immediately investigate the complaint, unless the building principal is the subject of the complaint or is unable to conduct the investigation.
2. The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation.
3. The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded. The findings of the investigation shall be provided to the parents of the accused student and the complainant.

### **Step 3 – Investigative Report**

1. The building principal shall prepare a written report within fifteen (15) days, unless additional time to complete the investigation is required. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual and whether it is a violation of this policy, and a recommended disposition of the complaint.
2. The investigative report shall be retained by the principal/designee and forwarded to the Assistant Superintendent as appropriate.

### **Step 4 – District Action**

1. If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur.

2. A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct, which may include:

- Counseling services and/or educational activities
- Parental conference
- Loss of school privileges
- Transfer to an out of district placement
- Transfer to another classroom
- Exclusion from school-sponsored activities
- Detention
- Suspension
- Expulsion
- Recommendation for counseling/therapy outside of school
- Referral to Student Assistance Program
- Referral to law enforcement officials
- Restorative conferences

If it is concluded that a student has knowingly made a false complaint under this policy, such student shall be subject to disciplinary action.

### **Appeal Procedure**

If the complainant is not satisfied with a finding of no violation of the policy or with the corrective action recommended in the investigative report, s/he may submit a written appeal to the Assistant Superintendent within fifteen (15) days.

## **BUSSING**

### **School Bus Regulations**

Pupils having the privilege of riding a school bus must conduct themselves in a quiet and orderly manner to and from school. The bus driver is legally responsible for the safe transportation of pupils. Bus conduct reports will be written by the bus drivers and submitted to the principal on a daily basis. Bus conduct reports should include as much information as possible for the principal to take effective disciplinary action. The principal, at his/her discretion, will handle each conduct report in accordance with the school's disciplinary policy. Pupils may be disciplined or deprived of transportation for the infraction of any of following regulations:

- Pupils shall line up to get on the bus, avoid pushing and shoving, and take seats on the bus immediately upon boarding following the seating procedures.
- Pupils shall not tamper with the bus or any of its equipment.
- Pupils shall observe orderly conduct on the bus and shall refrain from the use of profane and indecent language.
- Pupils shall not talk to the bus driver while the bus is in motion.
- Pupils shall not board/disembark their bus at other than their assigned stops and shall only ride their regularly assigned school bus.
- Pupils shall not play games on the street or highway while waiting for the school bus, nor shall they trespass or cause damage to any property in the vicinity of the bus stop.

- Students shall adhere to Muhlenberg School District Policy 237 pertaining to Electronic Devices.

### **Bus Routes**

- Transportation routes, stops and schedules are designed to move eligible children safely and expeditiously.
- All bus assignments are permanent and non-transferable.
- Bus drivers are not permitted to accept any requests for transportation changes.
- Exceptions may apply to alter transportation in cases involving residency changes, students placed by the District in outside placements, issues pertaining to the safety of students and short term emergency situations.
- All requests to alter transportation must be presented by the parent or legal guardian in writing and in person to the School Principal five (5) days prior to the effective date of the change, unless the request is an emergency, then three (3) days is sufficient.
  - The Home and School Visitor may be directed by a principal to provide transportation for one or two days under circumstances when three days advance notice is impossible.
  - Altering transportation for emergency purposes shall last no longer than five (5) school days unless approved by the School Principal.
  - Principals, in collaboration with the Coordinator of Buildings, Grounds and Transportation will make the final decisions regarding requests to alter transportation. The validity, fairness and reasonableness of the request will be considered.
  - The parent/guardian will be informed by the principal of the final decision regarding a request for changed transportation.
  - At the conclusion of the emergency, parent/guardians must contact the school principal in order for regular bus services to resume.

## Activity Bus After School

MSD Provides after school bussing for students involved in clubs and sports after school during the school year Monday through Thursday. Junior High students will be picked up at the auditorium entrance at 4:30 PM for students involved in clubs and 5:30 PM for students involved in sports. Drop off locations for students will be adjusted as needed based off of the club and sports rosters each season. The club advisors and coaches will inform the students of these locations.

## Denial of Transportation

Transportation Services will not be provided for the following:

- Friends accompanying pupils to and from school on buses.
- Transportation to after school activities; i.e., dance or music lessons, Boy Scouts, Brownies, going to work, etc.

## Carrying of Objects on Buses

The state guidelines for transportation forbid the carrying of any objects on the bus, such as projects and band instruments, unless they can be held on the pupil's lap safely. If large items, such as instruments, projects, or pets are to be brought to school, the parent/guardian will be responsible for transporting that item on the day involved.

## TRANSPORTATION VIDEO/AUDIO MONITORING

### Authority

The Pennsylvania State Board of Education regulations grant school boards the authority to make reasonable and necessary rules governing the conduct of students in school as found in 22 PA Code Sec. 12.3. The responsibility for maintaining reasonable discipline on board our school buses begins with the individual driver. Bus Conduct Reports will continue to be the primary tool for use by the driver to report misconduct he/she observes that cannot be corrected by less formal means, such as assigning of seats, redirection or verbal warnings. These reports are forwarded to the appropriate building principal for corrective disciplinary action as per existing District Policy. If patterns develop or if persistent serious misconduct or safety-related violations occur, the building Principal and/or designee may recommend use of video/audio monitoring to the Transportation Coordinator. Additionally, cameras may be placed on buses at random selection of the Transportation Coordinator. The video/audio recording may also be used in situations of alleged driver misconduct.

- F. Staff conference including members who can provide insight into a student's problem.
- G. Teacher Detention, Lunch Detention, Morning/After School Detention, In School Suspension, or Out of School Suspension.
- H. Suspension and Exclusion (Policy 233). Students, parents/guardians, and staff should be aware of the infractions that warrant suspension from school. This information is available in the student handbook, teacher manuals, and other publications including school district policy manuals.
- I. Outside agency conference: this is arranged and conducted by a counselor or administrator with appropriate staff members involved.
- J. All items A through I in this section must be accounted for by written record.

**The options listed above are not intended to be all-inclusive. It should not be assumed that any one or a combination of the above options will resolve a particular problem.**

## Misconduct/Response Structure

- A. The misconduct/response structure presents a comprehensive series of typical misbehaviors, which are classified into four levels and arranged in a continuum according to the seriousness of the act and the frequency of its occurrence.
- B. While the gravity of an infraction determines its classification, the frequency of the occurrence may require reclassification and a more severe disciplinary response. For instance, a Level I misconduct, though its seriousness remains the same, could be moved to a Level II, even III, if the act occurs repeatedly enough and corrective action at the appropriate level has failed.
- C. **Level I** infractions occur mainly in settings under the teacher's control or supervision. The responsibility for disciplinary action remains with the teacher although other school support personnel may be involved.
- D. **Level II and III** infractions are almost always serious enough to require the special attention of the principal/assistant principal.
- E. **Level IV** acts of misconduct are so serious that they require the involvement not only of the principal/assistant principal, but also of the superintendent/assistant superintendent and the school board as well as law enforcement authorities.
- F. Optional disciplinary responses are included at each level, which may be appropriately applied to correct or punish related infractions. These options, which allow some flexibility and discretion, have been selected to fit the seriousness of the misbehavior beginning with the least punitive and progressing through the levels to the most severe. Still this attempt to match the severity of the discipline with the seriousness of the infraction in some circumstances does not preclude the use of options from a lower level in dealing with higher level infractions. On the other hand, the more severe options at a higher level are not recommended as a response to less serious infractions at a lower level unless those offenses have been repeated and lower level alternative actions have failed to remediate.
  - a. Appendix A contains a Discipline Matrix of various infractions and matching consequences. Additionally, Appendix A contains escalating disciplinary action for chronic/repeated offenses and infractions.

### Level I Offenses

Classroom teachers are responsible for the disciplinary response/remediation for all classroom related actions including, but not limited to: possession of a cell phone/personal electronic device, minor disturbances, unacceptable language/behavior, cheating, lying, plagiarism, failure to follow directives, and lateness to class.

- Inappropriate Language
- Possession and/or Use of Tobacco/Vaping Products on School Property

- Unmodified Level III Actions
- Chronic Truancy
- Bomb Threat, Arson, False Alarm
- Serious Act of Violence Directed Against Another Person
- Possession and/or use of Controlled Substances
- Possession of Weapons or Look Alike Weapons

Muhlenberg School Board policies addressing these issues can be found on our school district website in addition to this handbook.

## DRESS AND GROOMING

### *MSD Policy 221*

A well groomed and neatly dressed student body sets the tone and atmosphere conducive to good order and learning. The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. Although the Board has the authority to impose limitations on students' dress in school, the Board will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices disrupt the educational program of the schools, affect the health and safety of others, or cause damage to school property.

### I. General Guidelines

- A. The student should dress modestly and in a manner that is tasteful and respectful at all times.
- B. School officials may make judgments about proper grooming and attire, and may impose limitations on dress if the attire causes the disruption of the educational process or constitutes a health or safety hazard.
- C. Students have the responsibility to keep themselves, their clothes, and their hair clean.
- D. School officials will not tolerate extremes in dress and grooming.
- E. Students may be required to wear certain types of clothing to earn credit for participating in physical education classes, shops, extracurricular activities, or other classes and situations where special attire may be required to insure the health or safety of the student.
- F. A faculty sponsor may set the standards of dress and grooming for students participating in school sponsored activities.
- G. Students may be required to change clothing or cover clothing if attire is unacceptable.
- H. Parents or guardians may request, in writing, exceptions to the specific guidelines of this policy in order to accommodate religious or moral objections.

### II. Specific Guidelines

- A. The following attire are not appropriate for school:
  1. Bare backs, bare midriffs, tank tops, spaghetti strap blouses and dresses.

### III. Implementation

- A. The Superintendent shall develop procedures to implement this policy.
- B. The building principals are designated to monitor student dress and grooming in district buildings.
- C. School officials may impose limitations on student participation in the regular instructional program where there is evidence that the lack of cleanliness or attire constitutes a health or safety hazard.
- D. School officials may impose limitations on student participation in the regular instructional program where there is evidence that the lack of cleanliness or attire causes the disruption of the educational process.
- E. Implementation of this policy shall impose only the minimum necessary restriction on the exercise of the student's rights regarding appearance.
- F. Staff members should demonstrate by example positive attitudes toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance.

## IV. Consequences

- A. Students who appear at school wearing inappropriate clothing will not be allowed to attend class until the necessary changes are made to meet the dress code requirements.
- B. Changes may include:
  - 1. Covering or removing objectionable clothing items.
  - 2. Wearing an article of clothing provided by the school.

## DRUGS AND ALCOHOL

### I. Formulation and Application

- A. The students, parents/guardians, staff, and Board of School Directors of the Muhlenberg School District, being concerned with the welfare and future of the student body, hereby formulate and implement these alcohol and drug abuse procedures in the hope that they will motivate community support for a community problem. We start at the school level because we sincerely believe that mind-altering substances have no value in an educational program. Clear heads and healthy bodies are necessary attributes for achieving the most value from the learning process.
- B. The procedures will apply to all dangerous drugs, look-alike drugs, contraband, controlled substances and devices including without limitation those defined by the Controlled Substances, Drug, Device and Cosmetic Act 1972, P. L. 233, No. 64 (Section 4, Schedules of Controlled Substances) and any future amendments to this act.
- C. These procedures will apply to alcohol and alcoholic beverages as defined in Section 6308 of the Pennsylvania Crimes Code and any future amendments to this code.
- D. School officials shall be permitted to conduct a search and/or of items in student's possession or without the student's control as per Policy 226, Searches.
- E. For the protection of the student, prescription drugs and patent medicines brought to the school must be registered with the school nurse or delegated authority. At this point the administration of medication is under the supervision of the nurse (see Policy 210 Use of Medications).
  - 1. Students must have authorization from a medical doctor for use of prescription drugs.
  - 2. Medication brought to school by a student must be accounted for in quantity in the case of oral administration (such as tablets, capsules, and liquid medication). Refer to Policy 210 Use of Medications for details.
  - 3. Ingestion of any drugs or proprietary materials to the point of disorientation or physical harm is prohibited for all students on school property or at school functions.
- F. Use or possession of any drugs is prohibited for all students on school property or at school functions.
- G. Use and/or possession without medical prescription or authorization of addictive or dangerous drugs, alcohol, health-endangering substances and/or those, which provide a euphoric effect, are forbidden.
- H. In the event that a staff member suspects a student of buying, using, possessing, and/or selling drugs of any type, he/she must immediately notify the building principal/assistant principal or designee.
- I. These procedures are in effect whenever a student is in the school's jurisdiction including participation in field trips, sports, and all other extracurricular activities. The rules apply to students whether they be active participants or guests/spectators at such functions.

### II. Classification and Implementation

#### A. Student Seeking Help

- 1. Every effort shall be made to gain the student's consent to notify the parent/guardian or at least consent to referral for treatment.
- 2. The Pennsylvania Drug and Alcohol Abuse Control Act #63 (1690.112. Consent of Minor) states: "notwithstanding any other provisions of law, a minor who suffers from the use of a controlled or harmful substance may give consent to furnishing of medical care or counseling related to diagnosis or treatment. The consent of the parents or legal guardian of the minor shall not be necessary to authorize medical care or counseling related to such diagnosis or treatment. The consent of the minor shall be valid and binding as if the minor had reached his majority. Such consent shall not be voidable nor subject to later disaffirmance because of minority. Any physician or any agency or organization operating a drug abuse program who provides counseling to a minor who uses controlled or harmful substances may, but shall not be obligated to inform the parents or legal guardian of any such minor as to the treatment given or needed." Thus, the Pennsylvania Drug and Alcohol Abuse Act protects the right of the school to refer consenting students for treatment without parental knowledge or consent. It should be remembered, however, that the School Board recommends that all reasonable attempts be made, with the consent of the students, to involve parents at the earliest practical time.
- 3. Parents of a minor student will be notified if it is necessary for the student to receive emergency care (See Policy 210.2, Medical Attention for Students).
- 4. Strict confidentiality shall be maintained and the lines of communication between student and confidant must be kept open.
- 5. The student shall be advised that any future use, possession, or transfer of illegal drugs will not be condoned, and that information concerning any such future activity will not be treated confidentially.

### **B. Suspicion of Usage**

1. When a student exhibiting unusual behavior is suspected of being under the influence of drugs or alcohol, an investigation shall take place immediately.
2. The school nurse will complete a confidential "Health Assessment When Questioning Substance Use". This assessment will become part of the student's permanent school health record and information obtained may be used in the decision-making process for the student's disposition.
3. When the investigation warrants, parents of a child who is exhibiting unusual behavior shall be notified and asked to come to the school. Following a discussion with school personnel, parents will decide whether to take the child for further assessment or treatment.
4. If it has been ascertained that the student's behavior was the result of illegal drugs and/or alcohol, the parents and student will be notified of the sections of this policy which deal with disciplinary procedures and actions implemented by the district including but not limited to referral to Student Assistance Program (SAP), Student Policy 3.33

### **C. Actual Usage**

1. When there is reasonable evidence that a student is under the influence of, or is involved in the use of a drug or an alcoholic beverage, and this is his/her first offense, the parent/guardian shall be notified, and the student shall be given an out of school suspension of up to ten days from school depending on the situation. The informal hearing and conference will be conducted in conjunction with Chapter XII of the regulations of the Pennsylvania State Board of Education. During this suspension, it is recommended that the student seek counseling and/or treatment from any one of the various licensed agencies or licensed individuals who offer help in this area.
2. At the second offense, the parent/guardian shall be notified and referral shall be made to the principal for a decision as to the length of the suspension pending treatment. The principal will notify the Superintendent regarding his/her decision.
3. For habitual offenses, the penalty may be exclusion from school for a period of up to 1 calendar year or more unless recommendation of the principal provides an alternative. Application for readmission at the conclusion of this period will be reviewed by the Superintendent/designated committee, and a report with a recommendation forwarded to the Board of Education.
4. Law enforcement authorities may be contacted in any of the above situations.

### **D. Possession Without Actual Use**

1. When a student is found in possession of suspected drugs, a referral must be made to law enforcement authorities, who will obtain an analysis of such suspected drugs and will determine whether an arrest or referral to a judicial agency will be made.
2. If, except as to look-alike drugs, the result of the analysis is negative and no further legal action is taken, all records as to the identity of the student shall be destroyed.
3. If the result of the analysis is positive or look-alike drugs are involved, steps shall be taken as in Section C.

### **E. Selling or Buying**

1. It is not the intent of these regulations to distinguish between a seller and a buyer. However, individual situations may result in such a distinction being made.
2. Parent/guardian and local police may be contacted. The decision regarding those involved will be at the discretion of the law enforcement authorities.
3. When there is reasonable evidence that a student is guilty of buying or selling, those involved may be excluded from school for up to 1 calendar year.
4. An individual case may be reviewed, and readmission before the complete calendar year has elapsed may be granted if sufficient evidence exists that rehabilitation has taken place, and that further exclusion is detrimental to the welfare of the student.
5. Application for readmission at any time will be reviewed by the superintendent/designated committee.

### **F. Discovery of Drugs**

1. Drugs found anywhere on the school premises are to be given promptly to law enforcement authorities.
2. A receipt for the same must be obtained from such authorities.

### **G. Apprehension by Police for Distributing Illegal Drugs, Contraband and or Marijuana**

1. If a Muhlenberg School District youth is apprehended by the police for activities involving suspicion of use, possession, or the buying or selling of illegal drugs, look-alike drugs, marijuana, or alcohol while the student is under the jurisdiction of the school district, and if the principal is notified by law enforcement officials, the student will be subject to disciplinary measure of Section II, subsections B, C, D, E, and F of this policy.

### **H. Discovery of Drugs by Staff Members**

1. The following procedures will be followed when a staff member **suspects** that a student is under the influence, in possession of and/or distribution Illegal Drugs or Controlled Substances in addition to look-alike drugs, contraband and/or alcohol.
  - a) The staff member reports observations and all pertinent information about student's actions and behaviors to the Principal/Asst. Principal. If possible, the staff member will stay with the student until an administrator or guidance counselor can meet with the student.
  - b) Principal/Asst. Principal notes report of observation and initiates an investigation which includes:
    - Principal/Asst. Principal confers with the student.

- Searching a student’s locker and personal belongings.
  - School nurse conducts a Health Assessment.
- c) When the investigation warrants, Principal/Asst. Principal notifies parents and/or Law Enforcement officials will be contacted and parents are notified.
2. When a student is **found** to be under the influence, in possession of and/or distribution Illegal Drugs or Controlled Substances the following consequences can be applied:
- a) Close surveillance of the student’s activities throughout the school day.
  - b) Student will be suspended for up to 10 school days with the possibility of expulsion from school.
  - c) Student can lose eligibility to participate in extracurricular activities, clubs, and sports.
  - d) The student is referred to the Student Assistance Program (SAP) and/or other Mental Health Resources.
  - e) Law Enforcement will be notified and charges will be pressed.
  - f) Student may be assigned to attend an Alternative Education Program for up to one calendar year after being given the opportunity to participate in a full due process hearing in front of the school board.

### I. Qualifications

1. In establishing guidelines for action, it is acknowledged that generalizations may be invoked in writing procedures such as those outlined above.
2. It must be understood that concerns for the well-being of the individual involved in any of the actions described herein must be weighed against concerns for the well-being of the student body at large.
3. Therefore, it must be recognized that appropriate discretionary action on the part of those charged with carrying out the punitive process must not be prohibited by these guidelines.
4. It is suggested, however, that such diversions from the established procedures should be the exception rather than the rule.

## ELIGIBILITY FOR ATHLETICS AND EXTRACURRICULAR ACTIVITIES

In order to contribute to the welfare of the athletic/activity program, the student must recognize and willingly assume certain responsibilities as a student athlete or activity participant. As representatives of the Muhlenberg School District and its programs, participants are expected to exhibit exemplary behavior in and out of school.

Extracurricular activity is defined as an activity covered by the provision of Section 511 of the School Code that is sponsored or approved by the board of school directors, is conducted partially or entirely outside the regular instructional day schedule and is available to students enrolled in the district’s schools who voluntarily elect to participate, subject to the eligibility requirements of the activity.

The definition includes a school district’s program of interscholastic athletics, including varsity sports, and includes all activities relating to competitive sports’ contests, games, events, or exhibitions involving individual students or teams of students whenever such activities occur between schools within or outside of the school district.

All students participating in Muhlenberg School District extracurricular activities are governed by the Student Discipline and Punishment, Policy, and the Student Athlete/Activity Participant Code of Responsibility. Any violation of the student discipline code on school property or while actively participating in or traveling to or from school or to or from an organized extracurricular activity may result in the forfeiture of the privilege of participation on a Muhlenberg athletic team or related activity. If a violation of the discipline code involves a one to ten day out-of-school suspension, the participant will not practice or compete on those days. While head coaches and activity sponsors may assess penalties for participants in violation of team or activity rules and regulations, the building principal or designee may declare a student ineligible from participation in extracurricular activities because of conduct or behavior unbecoming of a student athlete or activity participant.

- I. Specific actions defined herein may result in suspension or dismissal from participation in extracurricular activities at the discretion of the Principal/Designee. Permanent prohibition from extracurricular activities may occur for any subsequent violations:
  - A. Providing, selling, being in the possession of, or being under the influence of alcohol, drugs, narcotics, prescription medication exceeding the amount prescribed, other controlled substances or over-the-counter medications in accordance with MSD policies 227 “Controlled Substance/Paraphernalia” and 210 “Use of Medications.” Prom/Graduation restriction if offense is committed during the 2nd semester.
  - B. Possession of or use of tobacco products (snuff, chewing tobacco included).
  - C. Damaging or stealing school, community, or private property.
  - D. Being disciplined in level three and four of the discipline code. Students assigned to alternative education programs are ineligible to participate in extracurricular for the duration of the assignment.
  - E. Follow District Attendance Policy and Administrative Regulations.
  - F. A total of 10 tardies constitutes a first offense; 15 tardies constitute a second offense; 20 total tardies will constitute a third offense; in one school year.
  - G. Two out-of-school suspensions in one school year.
- II. Students shall arrive no later than the end of the first period in order to be eligible to participate in any extracurricular activity on that day. The building principal must approve any exception to this rule (i.e. doctor’s note, court subpoena).
- III. Each student is responsible for school issued equipment and is responsible for properly securing equipment in an assigned locker. Each athlete or activity participant is responsible for reporting to the head coach, activity advisor, or equipment manager any equipment that is damaged, in need of repair or replacement for safety or other reasons. Any athlete or activity participant who has not returned any item of school issued equipment or has any other obligations will not be eligible for awards or other recognition activities and may not participate in other athletic programs or activities until cleared.
- IV. Students are not eligible to participate in any interscholastic contest if they attain the age of 19 before June 30, immediately preceding the school year. (15th birthday where interscholastic competition limited to grades 7 and 8; 16th birthday where limited to grades 7 through 9.)
- V. Students must retain an amateur status in order to be eligible to participate in any contest.
- VI. A physical examination is required before participation in any sport is permitted.
- VII. All students participating in interscholastic activities must adhere to the Muhlenberg School District and Pennsylvania Interscholastic Athletic (P.I.A.A) academic rules on eligibility. According to Article IX, Sections 1 – 4 of the P.I.A.A. by-laws:
  - A. A pupil must pursue and maintain an acceptable grade in a full time curriculum defined and approved by the principal.
  - B. Eligibility shall be cumulative from the beginning of the grading period and shall be reported weekly.

- C. A pupil must have passed at least four full credit subjects or the equivalent (4 credits) during the previous grading period.
- VIII. In accordance with these requirements, the following additional academic stipulations for all activity participants shall be as follows:
- A. If after a weekly academic check a student has failed any two subjects (full or partial credit courses) the student will be ineligible for contest participation for a period of one week. If a student is declared ineligible for a total of five weeks during the course of a season, the student will be dismissed from the activity and will not be eligible for awards or recognition activities. Participation and attendance at contests, performances, or activities are both still prohibited during the ineligibility period. If at the completion of a grading period (distribution of report cards) a student has failed any two subjects but has passed an equivalent of four credits, the student will be ineligible for practice and contest participation for a period of one week. If the next weekly academic check shows an improvement in grades from failing to passing, the restriction will be lifted.
  - B. If at the completion of a grading period (distribution of report cards) a student has not passed an equivalent of four full credits, the student will be ineligible for practice and contest participation until the student has completed a total of 15 school days. Continued satisfactory academic progress will allow the student to participate in contests, performances, or other activities at the end of the 15-day ineligibility period.
  - C. Eligibility at the beginning of the fall semester will be based on final grades from the preceding school year. Approved summer make-up courses may be used to fulfill four credit deficiencies.
- IX. In order to participate in any sport or activity, a consent form signed by parents or legal guardians is required to be on file with the Principal or designee
- X. Muhlenberg School District shall permit a resident child who is enrolled in a Home Education program or Charter School to participate in any activity that is subject to the provisions of Section 511 including, but not limited to, clubs, musical ensembles, athletics and theatrical productions provided that the child:

  - B. Meets the try-out criteria, or their equivalent, for participation in the activity that apply to students enrolled in the school district.
  - C. Complies with all policies, rules and regulations, or their equivalent, of the governing organization of the activity.
- XI. Where the activity requires completion of a physical examination or medical test as a condition of participation and the school district of residence offers such physical examination or medical test to students enrolled in the school district, the school district shall permit a child who is enrolled in a Home Education program or Charter School to access such physical examination or medical test. The school district shall publish the dates and times of such physical examination or medical test in a publication of general circulation in the school district and on its publicly accessible internet website.
- XII. The school district may charge the charter school for charter student participation in extracurricular activities, since these costs are part of the per-pupil payment that is paid to charter schools. This fee is on a "cost basis," with the school district neither losing nor making money, as determined by the school district using the expenses of each activity, including coach or director, uniforms, transportation and miscellaneous costs

## Qualifications

It must be understood that concern for the well being of the individual in any of the actions described must be weighed against concerns for the well being of the student body at large. Therefore, it must be recognized that appropriate discretionary action by those charged with carrying out the disciplinary process must not be prohibited by these guidelines. Any deviations from standard policy are determined on a case by case basis and do not establish precedent for subsequent cases. It is suggested, however, that such diversions from the established procedures should be the exception rather than the rule.

## EXCLUSION FROM SCHOOL

### In School Suspension

*Reasons for in school suspensions by a principal or his/her designee shall include actions within level I , II , or III as listed previously in the handbook.*

*When a determination has been made that an in school suspension is warranted, the principal/designee shall enforce suspension in accordance with the following:*

1. Parent/guardian will be contacted and notified of the reason(s) for in school suspension.
2. No student will be permitted to leave the ISS room without filling out the ISS reflection form. This form will be completed and approved by the ISS teacher. Failure to complete this form will result in a detention being assigned the prior day to finish this form. This will be repeated for each day this form is not filled out.
3. A student shall have the responsibility for anticipating and completing assignments while he/she is on suspension. Upon returning to the normal school program, a student shall make up examinations missed while on suspension.
4. Students may be assigned School Community Service as part of their In School Suspension.
5. Failure to follow ISS rules and procedures will result in further disciplinary actions including but not limited to lunch detention, after school detention, additional In School Suspension, or Out of School Suspension.

### Out of School Suspension

*Reasons for suspension by a principal or his/her designee shall include actions within level I , II , III, IV as listed previously in the handbook.*

*When a determination has been made that a suspension is warranted, the principal/designee shall enforce suspension in accordance with the following:*

1. Parent/guardian will be contacted and notified of the reason(s) for suspension and asked to remove the student from school as soon as possible or parent/guardian will be notified of suspension dates. If contact is not made or if a student is not removed from school, the student shall remain in school until the end of the school day under the supervision of an administrator or designated staff member.
2. A letter will be sent to the parent/guardian stating the reason(s) for and length of the suspension, and the date and time for a conference. Copies of the suspension letter must be on file in the offices of the assistant superintendent and the principal.
3. No suspension shall exceed 3 consecutive school days unless a conference has been held with parent/guardian within the three- day period with the purpose of extending the suspension. No student shall ever be suspended more than 10 consecutive school days without board approval. If a student's suspension is extended to include the maximum of ten school days, a second parent/guardian conference must be scheduled no later than the tenth day of the suspension for the student's readmittance on the eleventh day. If a parent/guardian refuses to appear for a scheduled conference within three days, the principal will readmit the student. If, however, the offense warrants the extension of

suspension beyond the original conference date, the principal will notify the parent/guardian of the extended time period via certified mail, continue efforts to establish a conference and document those efforts, and notify the appropriate supervisor of the status of the case on a daily basis.

4. A student shall have the responsibility for anticipating and completing assignments while he/she is on suspension. Upon returning to the normal school program, a student shall make up examinations missed while on suspension.
5. The assistant superintendent shall review chronic cases of suspension with the appropriate principal
6. Students may be assigned community service to be served during the suspension period as a component of the disciplinary actions.

**\*\* BEFORE ANY STUDENT MAY RETURN TO SCHOOL, THE STUDENT, GUARDIAN, AND A BUILDING ADMINISTRATOR MUST PARTICIPATE IN A REINSTATEMENT MEETING.**

- Reinstatement meetings offer the student(s), guardian(s), and school personnel the opportunity to discuss the incident leading to suspension and develop a plan to ensure further suspensions do not occur.
- Only adults listed as LEGAL GUARDIANS on Infinite Campus can attend and reinstate students. This is to protect and follow privacy laws regarding student information.
- The guidance counselor and or the school social worker may also be invited to attend depending on the events leading to suspension.
- Any days missed AFTER the reinstatement day will be considered UNEXCUSED ABSENCES and will count against the student's attendance unless otherwise approved by an administrator.

*Suspension of an intellectually disabled person for any length of time is change in educational assignment requiring notice and provision of the opportunity for a due process hearing.*

- The principal and his/her designee who is considering the suspension of a student with an intellectual disability shall contact the assistant superintendent to present the facts in the case.
- If the incident warrants suspension as agreed upon by the assistant superintendent and building administrators, the chronology of events must be recorded and submitted in writing immediately to the assistant superintendent.
- The assistant superintendent will issue a due process notice to the parent/guardian concerning the change in educational assignment for the intellectually disabled student being suspended. In emergency situations, the bureau of special education may approve suspensions, exclusions, or interim changes of assignment for the intellectually disabled student if parental consent of the suspension could not be obtained because the school office was unable to contact parent/guardian in order to inform him/her of the proposed suspension or because parent/guardian requested a hearing and refused to grant permission for an interim suspension pending the hearing. Also, the bureau may approve if the student's continued presence in school presents a danger to himself/herself or to others. Such emergency situations include physical assault or threatened assault of a staff member or student, action of a criminal nature on school property, and continuous disruptive conduct which undermines classroom or school discipline and which the school has attempted but failed to control.

## Expulsion Procedures

### Regular Education Students

1. The assistant superintendent, in recommending to the superintendent that a student be expelled from school, must involve guidance personnel and the appropriate administrative staff in preparing a report that shall include: a chronological list of all incidents which include disciplinary action taken by the school; a guidance report listing measures taken by the counselor in his/her attempts to assist the student, and a review of the involvement and assistance provided to the student and his/her parent/guardian by the guidance staff.
2. Expulsion from school must be approved by the school board upon recommendation from the superintendent (Section 1318, Pennsylvania School Code)

### Students with Exceptionalities

Students whose behavior is such that expulsion is recommended shall:

1. be removed from class if necessary for the safety and/or well being of staff members or students
2. be referred to the assistant superintendent for alternative education placement upon recommendation of the principal
3. be evaluated by the school psychologist and/or psychiatrist
4. be placed in homebound instruction for the period between removal from school and assignment to another appropriate educational setting.

### Formal Hearing for Expulsion

6. A record must be kept of the hearing either by a stenographer or through a tape recorder and the student or their parent/guardian is entitled, at their expense, to a copy of the transcript.

*It is recognized that students who are less than 17 are subject to compulsory attendance laws, and even though expelled must attend school. The responsibility for meeting this legal requirement rests with the student's parent/guardian as outlined in School Laws of Pennsylvania, January 1971.*

## FOOD & MEALS

All students are provided breakfast and lunch according to the district breakfast/lunch schedule. Students have the option to pack food or drink as an alternative to school meals. **Students are never permitted to leave school premises for food or drink or receive any food or drink product from any delivery person or service during school hours.**

If your student misses school during their assigned lunch period, please ensure that they eat lunch prior to the return of school. **Students will not be allowed to take any outside food or drink into the building when returning to school after an appointment.**

For the health and safety of all students, it is sometimes necessary for the Food Service Department and/or administration to limit or contain certain foods or ingredients without prior notice. For the health and safety of all students, food that is not clearly labeled with precise ingredients is subject to the same limitations and containment without prior notice.

**\*SPECIAL NOTE: STUDENTS ARE NOT PERMITTED TO SALE ANY FOOD ITEMS OUT OF THEIR LOCKER. IF A STUDENT IS FOUND TO BE SELLING FOOD OUT OF THEIR LOCKER, THE ITEMS WILL BE CONFISCATED AND DISCIPLINARY ACTIONS COULD BE ASSIGNED.**

## GRADES, REPORT CARDS, FINAL GRADES, etc.

### Grades

Periodic reports of student achievement by way of letter grades are given at the end of each marking period in each of the subjects which you have elected to take or which are required for graduation. The grade assignments are given in actual percentage grades on the report cards. Grades are established based on the following key:

Numerical Grade	Letter Equivalent	Quality Points	Numerical Grade	Letter Equivalent	Quality Points
97% - 100%	A+	4.00	77% - 80.4%	C+	2.50
93% - 96.4%	A	4.00	73% - 76.4%	C	2.00
90% - 92.4%	A-	3.75	70% - 72.4%	C-	1.75
87% - 89.4%	B+	3.50	67% - 69.4%	D+	1.50
83% - 87.4%	B	3.00	63% - 66.4%	D	1.00
80% - 82.4%	B-	2.75	0% - 63.4%	F	0.00

Numerical Grade	Letter Equivalent	Quality Points
Incomplete	I	0.00
Medical Excuse	M	
Pass	P	0.00

Note: Students who receive grades of "I", (Incomplete) assigned for legitimate medical or emergency reasons have two weeks beyond the end of the quarter/year to make up incomplete assignments.

### Report Cards

Report cards are posted on Infinite Campus approximately six school days beyond the end of each marking period. Report cards show numerical grades representing the percentage earned for each class according to the scale listed above. Report cards may also show appropriate comments from individual teachers about the progress of a particular student.

### Minimum Failing Grade

Report card will reflect actual percentage grades earned in each class with the exception of a minimum failing grade of 50% for the first marking period. Administration has the right to assign the actual grade earned in Q1 due to the circumstances involved.

GPA and attendance are also included as part of the reporting procedures. Check the school calendar for marking period dates to determine when report cards will be issued. Any questions about grades or other information should be directed through the guidance office.

## Final Grades

The final grade in a course will be determined by using the four marking period grades and the average of the midterm and final exam grades [MP1 + MP2 + MP3 + MP4 divided by 4 = final grade.] The total grade point average for the marking period will be determined by using the grades in all of the courses a student takes, major and minor. **The minimum passing grade for a course is a "D" or 63% average.**

## Honor Roll

Grade point equivalents for the awarding of academic honors are as shown	High Honors	Honors
	3.7	3.4 to 3.699

## Grade Point Averages (GPA)

Grade point averages are calculated at the end of each marking period and cumulatively at the end of each year. Grade point averages are determined by adding the grade point equivalents for each grade and course and then dividing by the total number of credits for the courses being taken. Credits for courses can be determined by referencing the "Educational Planning Guide" in effect for the current school year.

## Grade Weighting for Students in Grades 9-12

The following procedures will be in effect for the purpose of determining weighted GPA used in the calculation of class rank. Weighted grades are based on the student course load and are weighted at the end of the school year:

- A.P. courses are valued at 1.25 credits
- Class Rank is based on a GPA calculated in the following manner:
  - ◆ 4 point system is in effect for grade values (see Grades & Grade equivalents)
  - ◆ plus, add .1 for each AP course
  - ◆ plus, add .035 for each Honors course

## LIBRARY

Students are encouraged to utilize the library throughout the school day with permission from their classroom teacher. In order to access the library, students must have a hall pass. If a student is utilizing the library in a productive manner, a staff member may ask the student to return to their classroom.

## LOCKERS

Lockers are provided in the halls and in the gym locker rooms for your convenience. They remain school property and simply are on loan to you. Locks are provided by the school for school lockers and they should be kept locked at all times. Students are not permitted to use other than school supplied locks on school furnished lockers. Lock combinations should be kept secure and not divulged or shared with others.

Valuables should not be left in school lockers at any time. The school cannot assume responsibility for items that are missing or taken from lockers. School administrators maintain the right to open and examine any student locker if there is a reason to suspect the presence of illegal, disruptive, or dangerous materials or substances. Students shall be responsible for restitution for any vandalism including but not limited to physical damage, graffiti, etc done to the school locker provided for their use.

Students at the Junior High are allowed to visit their lockers at three points throughout the school day:

1. Before Homeroom
2. Before Lunch
3. Leaving for the School Day

Students will not be permitted to go to their locker at any other time throughout the school day. If a student is in need of personal hygiene products, they may request to go to the nurses office.

## LOST AND FOUND

Books, articles of clothing, jewelry, eyeglasses, and other items which are found should be brought to the main office. If you have lost any such item, check with the main office to see if the item has been turned in. The office will retain lost and found items for up to 30 days.

## MEDIA RELEASE

Each year, Muhlenberg Junior High School students are photographed for inclusion in our school yearbook and student photo identification badges. Additionally, teachers and/or administrators submit articles about important school events for publication in the school or district newsletter or local newspaper or invite local television stations to videotape and air particular school functions. Parents who do not wish to have their child's name or picture publicized (including in our school yearbook) must come to the Muhlenberg Junior High School office to complete a media release form. Children whose parents have not completed the form may be included in all publications.

## LUNCH SCHEDULE

Lunch periods will run from 4th period to 8th period, 10:30 A.M. to 2:06 P.M. Lunch should be eaten during your scheduled period. Please see the

district website for information regarding school breakfast and lunch menu. If you would like to apply for Free and Reduced Lunch Meals, please contact the Muhlenberg School District Food Services Office at 610-921-8000 x 3514.

If your student misses school during their assigned lunch period, please ensure that they eat lunch prior to the return of school. **Students will not be allowed to take any outside food or drink into the building when returning to school after an appointment.**

## MEDICATION POLICY

### *MSD Policy 210*

With the exception of a life-threatening emergency, school personnel, other than licensed Health Services nurses, will not administer individually prescribed medications or over-the-counter medications to students during school hours. Parents or guardians may choose to come to the nurse's office to personally administer medication to their child that needs to be taken during school hours. OR the parent/guardian may send prescribed medication to be administered in school as per the Muhlenberg School District Medication Administration policy. Over the-counter medications available through the Muhlenberg School District Standing Medications Orders, issued by the school physician, (such as pain relieving medication, cough medication, medication for stomach upset and emergency medications etc.) shall not be given without the prior permission of parent/guardian except in the event of a life threatening emergency. Medication Authorization forms are available through the MSD Health Services website or in any of the MSD the health rooms.

## HALL PASSES

Students are required to carry a "pass card" to leave the classroom and be in the hallway. Students are required to have their "pass card" signed by their assigned teacher. If students are in the hallway without their "pass card" appropriately completed and signed by their teacher, they will be sent back to class and may receive a consequence from administration.

For safety reasons, the location and attendance of all students must be known, for this reason, students are not allowed to leave their classrooms within the first 10 minutes of each class period. This allows for teachers to take accurate attendance and engage the students in the lesson for the day. All students are to follow their assigned schedule and be in attendance at their assigned class during the school day. We do recognize that some exceptions exist (e.g. restrooms, nurse, office, etc.). For these exceptional reasons, students must sign-out/in using school procedures and gain permission from respective teachers or staff.

Students not being in their assigned location at their scheduled time, without permission, could receive consequences for "outside their assigned area." In addition, any student who appears to be excessively utilizing their hall pass privileges, may have their access restricted for safety and educational well being of the student.

## HEALTH SERVICES

### First Aid

Licensed Health Services nurses are available to provide immediate, temporary medical care for your child in the event of an accident or sudden illness at school. If further treatment is required, the parent/guardian will be required to pick their child up from school. In the event of an emergency 911 will be called and the child will be transported to the hospital.

### Physical Examinations

#### *MSD Policy 209*

Pennsylvania school law requires that all children have a medical examination upon admission to school (kindergarten or first grade), again in the sixth grade and in 11th grade. The family medical provider or school physician/certified registered nurse practitioner may perform this examination. Should the school physician/nurse practitioner discover any medical issues that require further evaluation, the parent/guardian will be notified and encouraged to follow up with their family medical provider. The school will supply the necessary forms when the parent/guardian elects to have the examination done by their family medical provider.

### Dental Examinations

#### *MSD Policy 209*

School law requires children to have dental examinations on admission to school (kindergarten or first grade) and again in third grade and seventh grade. Either the school dentist or family dental provider may perform this examination. The school will supply the necessary forms when the parent/guardian elects to have the examination done by their family dentist. If a defect is found by the school dentist, the parent/guardian will be notified and encouraged to seek treatment by the family dentist. No treatment will be performed by the school dentist.

### Other Examinations

#### *MSD Policy 209*

Hearing examinations are performed in kindergarten, grades one, two, three, seven and eleven. A hearing exam may be performed at any other time deemed necessary during the school year. Height, weight and vision testing is completed annually on all students (K-12). Parents/guardians are notified of any conditions needing further professional evaluation.

## HOMEWORK

Class assignments benefit students by strengthening skills, stimulating learning, and developing responsibility. The amount of class work assigned is based on age, grade, and level of achievement. Among the purposes of class assignments are: to enrich or extend what has been learned in the classroom; to practice skills; to read for enrichment or enjoyment; to conduct research as an outgrowth of classroom activities, and to learn how to work independently.

In order for a student to be successful in school, a good working relationship is needed among teachers, parents, and children. Parents can assist students in assuming responsibility for homework by establishing a time and a place at home for accomplishing the assignment and by encouraging their children to submit all assignments on time.

## IDENTIFICATION BADGES

Student ID cards will be issued in the fall of every year. **Every MJHS student must wear a school-issued photo ID card at all times while on the campus during the school day or when attending a school function.** Returning students should use their ID from the previous year until new cards are issued. New enrollees during the school year will have their pictures taken for ID cards and cards will be issued as part of the enrollment process. Temporary student IDs are available in the main office. Failure to wear your I.D. card will result in disciplinary consequences.

**Students must present their ID card when requested by a staff member.** Failure to wear the card when requested will result in disciplinary action according to the "Failure to Follow Policy" infraction with resulting consequences for this offense.

Misrepresentation or alteration of the information on the card will also result in appropriate consequences according to the junior high school discipline code.

Student ID cards are required for such functions as (but not limited to):

- Hall passes
- Identification upon request
- Library Privileges
- Bus Transportation
- Point of sale in the cafeteria (when available)
- Admission to School Activities
- Purchasing tickets for school events

**\*SPECIAL NOTE: TO ENSURE YOU ALWAYS RECEIVE OUR AUTOMATED PHONE MESSAGES AND ALERTS, PLEASE MAKE SURE THE SCHOOL ALWAYS HAS AN UPDATED AND VALID PHONE NUMBER FOR ALL PARENTS OR GUARDIANS.**

## INSURANCE

Accident insurance is available on a voluntary basis for a premium paid by your family. Insurance forms are distributed in homerooms early in the school year.

## PERSONAL ITEMS IN SCHOOL

### Blankets & Stuffed Animals

Blankets are to be kept in a student's locker throughout the school day as they can be distracting to the educational process. Slippers are not acceptable footwear for safety reasons. Stuffed animals are considered toys and are not permitted in school any time.

### Outerwear & School Bags

In accordance with the MSD Dress and Grooming Policy, students are to place all outerwear and bags in their lockers during the school day. School Bags, including hand bags, shoulder bags, messenger bags, small backpacks, are to also remain in the student's locker. The only bag that can be used throughout the school day is the school issued Chromebook Case.

## Toys

Toys are NOT permitted in school. Toys causing disruption to the instructional day will be confiscated and will result in the following consequences: First minor offense: The teacher will ask the student to put the toys away. Further offenses: Toy will be confiscated and a phone call will be made to the parent/guardian indicating the disruption. The Assistant Principal will be notified for non-compliance.

Devices identified as “fidget toys” and used for the purpose of personal health and/or learning can be permitted when prescribed by a healthcare or school professional.

## SAFE2SAY SOMETHING

Safe2Say Something is a youth violence prevention program run by the Pennsylvania Office of Attorney General. The program teaches youth and adults how to recognize warning signs and signals, especially within social media, from individuals who may be a threat to themselves or others and to “say something” BEFORE it is too late. With Safe2Say Something, it’s easy and confidential to report safety concerns to help prevent violence and tragedies. To refer an anonymous tip or report to Safe2Say:

## SCHOOL CLOSURES

Whenever school is closed due to an emergency such as bad weather, it will be announced as early as possible via telephone call and on WRFY-FM, WEEU, and WRWA (local radio stations) and WFMZ (local TV station). Periodically, our schools will have early dismissal for such events as curriculum workshops or parent-teacher conferences. All early dismissals and vacation dates, along with other special dates and events, are listed on the school calendar.

## SEARCH AND SEIZURE

School officials need reasonable suspicion to conduct a legal search of students and the personal belongings they bring with them. Lockers remain the property of the school and may be searched by school authorities without reasonable suspicion and without prior warning to the students who are using them. Random locker searches, including dog searches, may be conducted at the discretion of school officials.

## STUDENT ASSISTANCE PROGRAM (SAP)

The school’s primary responsibility is to educate students; however, we have learned that if a student uses mind-altering chemicals, is depressed, or feels hopeless, that student cannot learn effectively. This is why the administration and faculty instituted a student assistance program which gives us the unique opportunity to identify and help students who exhibit high risk behavior. It is an intervention and referral program, not a treatment program.

## UNLAWFUL HARASSMENT

### *MSD Policy 248*

The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form is not tolerated.

3. Such conduct deprives a student of educational aid, benefits, services or treatment.
4. Such conduct is sufficiently severe, persistent or pervasive that it has the purpose or effect of substantially interfering with the student's school performance or creating an intimidating, hostile or offensive educational environment.

2. Inform the complainant that s/he may be accompanied by a parent/guardian during all steps of the complaint procedure.

## **VIDEO AND AUDIO RECORDINGS**

Muhlenberg Junior High School is equipped with video cameras which record entrance/exit areas and hallways. The images recorded by these cameras may be used by school officials to establish the identity of students, employees, chaperones, or members of the general public involved in unlawful conduct or conduct that is contrary to the rules and regulations of the district and may be used as evidence in any disciplinary proceeding conducted by the school district (as set forth in Muhlenberg School District Video and Audio Recordings Policy).
