MUHLENBERG SCHOOL DISTRICT
Student Assistance Program

Student Name: _____   Grade: _____

The Student Assistance Program (SAP) provides support and intervention services for students who are experiencing problems that may interfere with their success in school. This program is voluntary and free of charge. Parent participation is a vital component of the SAP process. The SAP process does not replace the parent's decision-making responsibility.

The range of SAP services may include:
       *Consultation with parents after information gathering.
       *Support from SAP Team and other staff.
       *Comprehensive behavioral health assessment and recommendations provided by a
        consultant from Caron Treatment Centers.
       *Psycho-educational support groups.

Please sign the form below indicating your permission for your child to participate in the SAP process. Check services for which you are giving permission.
