 Parent/Guardian Signature & Date*

*Students & Parents: by signing, you are agreeing to all course selections noted on the front and back of this form.

 Please flip over for club selection

8th Grade Club Offerings

Please **rank your top 3** club selections in the section below by placing a “1,” “2,” and “3” in the space before the club title. Clubs are a **half year commitment**. Following the title of each club is the description of what is expected of you during club period. Please carefully review all options before making your final selection.

Anime Club: Meet other students who love anime as much as you do. Talk about anime, watch anime, draw in anime style, maybe even do cosplay together.

A/V Club: A/V Club will allow students the opportunity to work in a small scale TV production studio. This club will teach students how to use audio & video equipment that will be used to conduct the morning announcements. All students will get the chance to record, direct, and say the announcements. Students will also get the opportunity to record middle school activities (e.g. musical, games, concerts, etc.)

Band: The MMS Band is a non-select band which rehearses three times a cycle during intervention. Sectional rehearsals are required and will be scheduled by the band director at various times throughout the school day. Band will help students develop: music reading skills, intonation, articulation, tone production and breathing, technique, and knowledge of multicultural music. Students are required to play a short audition yearly for chair placement. *This is a full year commitment.*

Band & Chorus: Please see both the band and chorus club descriptions. Time will be split between band and chorus during intervention. *This is a full year commitment.*

Boys Intramural Sports Club: Students participating in Intramural Sports Club will play games of basketball, soccer, football, dodgeball, and other sports.

Card Games Club: Play a variety of different card and board games -- new and old -- such as Uno, One Night Werewolf, Love Letter, and Poker! Have a game at home to share? Bring it in! All are welcome here!

Chorus: The MMS Chorus is a non-select chorus which meets twice a cycle during intervention. The chorus performs a variety of three-part music with emphasis on improving music reading skills and vocal production. Auditions are required to place students in their appropriate voice part. *This is a full year commitment.*

Community Spirit Club: Are you interested in putting a smile on people's faces? If so, this club is for you. We will be making greeting cards, crafts, cookies and other goodies to donate to the citizens of our community. Come join us for a fun filled session while spreading joy to others.

Computer Club: Computer Club is for students interested in using the computer and various software applications to enhance technical skills, work collaboratively with others, and explore their own ideas through the use of computer technology. Students will have the opportunity to choose from a wide variety of topics including coding, gaming, graphic design, website creation, and multimedia presentations.

Drawing & Painting Club: Students will have a range of opportunities to explore different approaches to drawing and painting through looking at, discussing, and creating art.

Girls Intramurals Club: Female students in this club will participate in various team sports in the gymnasium, including basketball, volleyball, floor hockey, etc.

'I LOVE Reading' Morning Reading Club: Do you LOVE to read? Do you wish you could just READ all day? Then this club is perfect for YOU! Come to club prepared to Read, Read, Read! No Computer, No Homework, No Noise! Just you ~ and the book of your choice! A perfect way to start your morning! See YOU in the BOOK!

Public Art Club: Did you ever wonder who makes the props for the school play, or all of the posters and banners that hang around the school? Public Art Club does! When other teachers or students need something created, they come to us for help. We design t-shirts for clubs, paint the windows at the school entrance, make greeting cards, and create posters to promote upcoming events. Some weeks we are overwhelmed with requests, and everyone is working on a project. Other weeks, we are low on requests, so we work on art projects of our own. Do you like making art? Do you like helping out other people? Then this is the club for you!

Sports Video & Debate Club: The club will consist of past and current sport debates as well as sports videos and sports highlights via ESPN Sports Center. Specifically, we will have debates on best players and players from the different eras. We will also watch Sports Center and various sport shows (E:60, 30 for 30, sports movies).

Student Council: Student Council is for highly motivated students who can work independently and deal with a responsibility. Students may be expected to complete independent projects and meet deadlines. In this club, you will be volunteering time to your school in an attempt to improve school climate. *If you are interested in Student Council for a full school year, please get an advisor to sign next to the club title.*
