Dear Parent or Guardian:

At the Muhlenberg School District, we understand that there are many reasons why a student may choose not to attend a physical campus. That's why we are offering a new flexible virtual schooling option as an alternative to the traditional classroom environment.

Our K-5 virtual classrooms utilized the state standards-aligned curriculum with Imagine Learning teachers. Students stay connected with engaging content, & opportunities for reteaching, practice, and enrichment on a regular school schedule.

Our wide selection of online electives enables students to explore areas of interest and courses that align to their goals for college or career for grades 6-12.

With more ways for students to pursue their passions, they can stay engaged and involved in their schooling. Edgenuity, one of our leading online learning course providers, offers additional benefits that include:

Standards-aligned curriculum designed to fully engage and challenge students through rigorous content delivered by interactive, media-rich instruction.

Highly qualified, state-certified virtual teachers that instruct, remediate, motivate, proactively communicate with students, and provide feedback on assignments.

Concept Coaches who provide on-demand tutoring so that students can get the help they need when they need it, and Success Coaches who keep full-time virtual students motivated.

NCAA-approved core curriculum and instructional model that ensures student athletes are college ready

Please visit our Muhlenberg Virtual School information page at [www.muhsdk12.org/mvs](http://www.muhsdk12.org/mvs).

Regards,  
Kevin J. Vanino
